

Coyote Nature School Hosts Family Day Open House

Harrington, ON – Tuesday, February 8, 2022 – Calling all outdoor explorers and nature lovers! Coyote Nature School in partnership with Harrington & Area Community Association welcomes you to a family friendly Open House in Harrington village on February 21 from 1pm - 3pm. Meeting place is in front of the grist mill (Victoria St.).

Hear what exciting programs Coyote Nature School has planned for this March Break, summer and the next school year. Meet Founder and Director of CNS, Kendra Martin (Coyote). Enjoy a lively winter wander around the beautiful Harrington Mill Pond, drop in to the historic grist mill and visit the nature school meeting place at Harrington Hall. Watch for swans and other winter birds, search for animal tracks and signs, and discover critters who are awake, and where others may be sleeping away the cold days of winter.

In the meantime, mark your calendar for upcoming program session dates:

March Break – March 16 and 17

Spring Session - starting March 25

Summer Sessions- Week of July 11 (Harrington) and July 18 (Stoneridge Farm)

Full Year Program - starting September 2022 (both Harrington and Stoneridge sites)

For complete program details, visit www.coyotenatureschool.ca (live Feb 10th).

Registration is now open and spots are limited! To make inquiries please email coyotenatureschool@gmail.com.

Coyote Nature School is a nature immersion program for children with sites in Harrington and at Stoneridge Farm in nearby St. Marys. Each child will expand their natural curiosity through 'hands-on' activities under the guidance of experienced and engaging educator Kendra Martin. This authentic experience helps build resilient, confident and capable children who ask questions and think critically about the world around them.
